Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Friday 09 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clearing to become cold and frosty overnight.

This Evening and Tonight:
Any lingering showers easing during the evening with clear skies developing. Feeling cold under clear skies with a sharp frost for most parts of the region. Minimum temperature -3 deg C (27 deg F).

Saturday:
A mostly dry morning with some sunshine. An increasing risk of showers through the afternoon under thickening cloud. Showers likely to fall as sleet or snow, particularly over higher ground. Maximum temperature 8 deg C (46 deg F).

Outlook for Sunday to Tuesday:
Dry with sunny intervals to start and scattered wintry showers later on Sunday. Mostly cloudy with patchy rain on Monday and Tuesday. Cold with overnight frost risk throughout.
